

Phelan Gardens

Corner Shade Garden Design

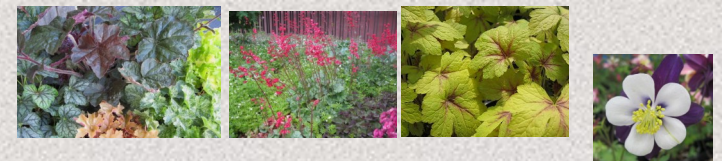

This 15 ft x 15 ft shade garden would fit nicely in the corner of your yard, OR even as a curbside accent near your driveway.

Colors are VERY versatile in this design. As you can see by some of the substitutes offered below, there are MANY color choices for columbine, astilbe, heuchera, hosta, and lupine. So, take our basic design and make it your own by switching up colors to suit your taste.
